“ I met Tracye years ago when he was working at Harry's TV and I was the manager at Little Caesars Pizza. Tracye would come in their on a regular basis. I remember when son number one was born and then son number two was born on the son number's one birthday. Fast forward several years I am the manager at the Local Workforce Office and Tracye came in one day and I was able to reconnect with him then. We would see Tracye in the office every few years. We had conversations about church and his boys, I would invite Tracye to church almost every week. Tracye came to work for our agency during the pandemic and after that job ended I would talk to him regularly, especially during his extended stays in the hospital. Couple of thing about Tracye the last thing I was trying to help him with was to find another washing machine, but the last response I received from Tracye was when I asked him how he was doing and said he was watching a movie with his boys. He loved his family, he talked about his momma, he talked about his Fiance and he talked about his boys. I know God's ways are always best. Still lifting the entire family up in prayer. Tracye you will be missed. Rev. Travis Rollins, Pastor of True Light Missionary Baptist Church, Oklahoma City

“ I am so thankful that God allowed an opportunity for us to meet some years back working at Asbury Medical. His smile lit up the place. He loved his boys and shoes!! He would always speak on making sure his family was provided for. My husband and I got the chance to pray with him and speak into his life. He will be missed. Prayers for his children, fiancé, and entire family.

“ Tazz was the life of the party! Use to be a time that if he wasn't going then his crew wouldn't go. To know him was to love him. His smile was infectious. He is missed deeply by his children. It just never seems like there is enough time. I'm so glad that we turned out to be Great Co parents. I love and miss you Mr. Green
