“ I worked with Annco at Deaconess Hospital. She became a real good friend of mine. One day , the door opened where we worked and she had one leg wrapped around the door frame and singing ( Lena Horne). “ what ever Lola wants, Lola gets” she always kept us in stitches! I didn’t get to speak to her these last few years because I couldn’t reach her on FB or by phone. I just want her family to know how she reached out to everyone and made the world a better place!

“ Oh where to begin.. This sweet lady came into my life amd let me tell ya, she was a little spitfire. She was generous, she was kind, she was giving, she was so much fun and my heart is hurting right now. I am missing her so much.  
I was Annco's PCA but we became fast friends. She taught me so much about life, love and loss. She always had a joke to tell me or she would call me before getting to her house to remind me to pick up her cinnamon candy and sonic ice. Boy did we eat lots of ice.. 🤪  
😭 To have gone through so much in her life to still smile and love everyone tells me what a Angel this lady was. She will be so missed.. I am so very thankful for the opportunity to have been placed with Annco because she brought me so much joy, my life was better with her in it. Until we meet again Ms. Annco

*Diane Hendrix, your friend, your PCA, you errand running, house cleaning, sonic ice getting, grabbing that cinnamon candy before I get to your house... most importantly your friend.....*
