“ Many know her as, Mama, Cousin Betty or Ms. Greene I knew her as “Betty Greens ” until she told my Grammie, “Taylor is going to have to put a handle on my name.” So I settled with Auntie Betty. Whenever I saw Auntie Betty her face would light up, she always knew how to make me feel loved and seen. Auntie Betty always took the time to call, and have meaningful conversations with her loved ones. She was always willing to be a helpful hand to anyone she knew. I will definitely miss her warm hugs and kisses. Auntie Betty was one of the many people in my life that helped shaped me into the person I am today and I am for ever grateful for her. My Auntie would always stand up for me when I couldn't. Her Faith, kind soul, unconditional love, and comforting presence will always remain a part of me and the many lives she touched. Thought I have been blessed with only thirteen years of my life with her, the impact she made on me will last far beyond a lifetime. I will always remember how we loved taking pictures together, capturing little moments that now feel precious. The laughter we shared and the love she gave will stay with me forever. Her absence leaves a quiet ache in my soul that will never fade. I love you Auntie Betty.

“ Betty was someone you can depend on to be there when you need her. She was always willing to share family history. She wanted to pass on what she knew to the next generation. She loved family and showed that love whenever she could. Her laughter was unique and infectious. I am so thankful that she loved God and is with Him 🙏❤️
