“ *Carrie came into my father's life some time after my mother passed. She was always so caring and loving to him while they were married, and he was so happy during the time they were together. It pains me that I did not see her before she passed, but I will be forever thankful and grateful for the kind, loving and caring time that she spent with my father until he died. I will miss her. My condolences to her nephews and the rest of her and her extended family.*

“ Aunt Carrie I love and miss you soooo much. I’m grateful I was able to assist Grandma Audie & you with daily needs ans your caregiver. Over the years we became family you were lovingly called “Aunt Carrie” by everyone that came to my home. I look at your recliner and wish you were sitting in it humming that song with no words. I will cherish our memories forever.. May you and Grandma Audie continue to Rest In Paradise 🕊️🕊️❤️ until we meet again missing you both 🙏🕊️
