“ *I met Gary when i jointed the 507th we work together for many years. I remember this black chevy and it was nice. Gary taught me how to builds computers and i have now build three of them. he even gave me a car once. We did some TDY's but the one i remember most was inlas vegas and he hit a royal flush and he forget to put all five quarters so he don't get the big jackpot he wasn't mad but it was sure funny. I will miss him*

“ I knew Gary when he worked at the 507th as a straight civilian HAZMAT lead and I was a new Airmen/ART. He had true passion for his family, country and the members of the 507th. Especially had patience for the new ART "me", who was always asking for help. He was a wealth of knowledge, straight forward, but he had patience and commitment to help out anyone he met, not only professionally, but personally and for that I will always cherish our conversations in the hangar hanging out talking about cars, and whatever else. You will be missed by many, RIP brother.

“ *Gary was a great guy and even better friend. We spent many hours talking about anything and everything. He was very knowledgeable on a wide variety of topics, and he especially loved his hotrods! We talked often about what it was like "back in the day" and how he used to modify his cars to go faster. We used to take a spin in his Corvette at lunch and sometimes after work to see how it was responding to his updates. I will always remember Gary with good thoughts and fun times. I miss him more than I realized already.*

Sincerely,
