“ Haley was truly a beautiful bright soul. Every single moment we meet she was so warm, welcoming with a hug and smile. Her love for family was grand! Her kindness towards others radiated a true spirit of "Other people minded qualities. Haley was funny too! 😊  
Baby girl, you did your best and went above the rest, you hit the mark...right from the start, you believed and achieved. You ran the good race and kept the pace. I'm assured that your CROWN is secured!

Much Love, Mrs. KELLYE 🐞

“ Hayley Hightower was an exceptional colleague and a true team player, the kind of person who made every team better simply by being part of it. At Walmart Advanced Systems and Robotics, her outstanding performance earned her a Site Lead position, a well-deserved recognition that brought her closer to the career she so passionately pursued. She didn't just meet the bar, she raised it. To me, Hayley was more than a teammate; she was a friend. We joined Apex Systems on the same day and worked side by side on Walmart projects through late 2024. When I transitioned to Kaleidoscope Innovation, it was an easy decision to refer her because I had seen firsthand what she was capable of, and I wanted to build something great with her again, just as we had done before. She went on to make meaningful contributions to the Amazon projects at Kaleidoscope, and just recently, in the spirit of her ever-growing ambition, she had taken a new step joining Proactive Global to continue supporting Amazon on exciting new projects while broadening her already impressive experience. The news of her passing came as a profound shock to all of us. She left too soon, but the mark she made on everyone who worked alongside her will not be forgotten. Rest in peace, Hayley. You were one of the best.
