“ To my big sister Helen, I love you and miss you so much. I didn't get the chance to grow up with you in the house until much later, but I was always happy to know that I had a big sister after being surrounded by brothers my whole life. I'm thankful we were able to spend time together during our later years and get to know each other better. When you love someone, you show up for them. I thank God I was able to be there to assist you when it mattered most. I thank God the doctors saw my heart, and entrusted me to help with something as serious as helping you hear again. I will always cherish that as long as I live. I love you big sister Hadiyah. Your baby sis, Joyce
