“ Jim was a great friend & awesome neighbor. He had some wonderful stories to tell. He would have you laughing for hours. He loved his place and had so much plans but his health got in the way. He had so many friends that would stop and chat with him you thought he knew everyone! He was always talking about his family. We had some good talks. A couple of us neighbors are so sad to have learned of his passing-He will be greatly missed! So sorry for his family & friends. Glad we got to talk about

“ *It was an honor and privilege to have known this man, while I was working for the City of Oklahoma City, James was working with us, at one of our main lift stations in which he was responsible for. He always had us laughing, especially sharing his stories about growing up and episodes he survived during work, which was hazardous and dangerous. GOD BLESS you brother, again thank you for keeping me safe and my crew when lighting hit the station and you jumped into action to keep us safe from the fire! May the Peace of the Lord continue to be with you on your new journey! Mary Davis - Retired City of Oklahoma City Water/Wastewater Utilities Dept.*
