CH

“ He showed up and really made a difference in countless lives. I personally would have been lost without him opening his doors and heart. In the worst times he was a light and im so grateful to have met him. He is going to be missed.

OA

Kenneth Oages told me if we can't smoke crack together we can't be friends. I told him. **BYE!** Before that he told me he was going to truck driving school through the mail. I thought of Archie Bunkers daughter. Going to teach him to drive a truck on the sofa watching as the world turn.
