“ Brother, I miss you more than you know. My heart aches with the thought that I will never see you again on this earth. You didn't have much by way of expensive materialistic things, but you certainly made up for it in the amount of love you gave. That's all that matters anyway. You can rest easy now because there is no more pain for you. All that is over, thank God. I will cherish the memories we made together for as long as I live. Go with God and our parents in heaven. I will always love you. Your baby sis, Joyce
