“ Traci, Your mother was my absolute favorite teacher at NW Classen. I had her for a number of different English classes and I never worked harder in my life to earn my grades. I want to tell you my story from my senior year. I had decided to graduate early my senior year. I had to take 6 classes that semester to have exactly enough credits to graduate. Truly, the only senior in the building after 3rd hour. I was determined to finish up and as a result I had A's in all subjects. The counselor told me I had to take any finals, and I had to do it before Christmas break and get my final grades from each teacher. I got all grades from my other classes before I went to your mom's class. She said she certainly required me to take the final (no others did) and it wasn't ready yet. If I was determined she would give me the test orally. So I sat down and she fired questions at me (the actual final was multiple choice, not so for me), like, in so and so story, who was the protagonist? I would think, answer, then she would say, but, who was his brother? Anyway, I made it through and I handed her that final grade card for the counselor, the one that had all "A's". She took her pen, looked at me hard and wrote in an "A". Then she looked at me again, picked up a pencil, and put a minus next to the "A". She said, "Martha, that is there to remind you that you are always capable of a little more." She was the one and only teacher that I felt truly believed in me. I am ever grateful and am a better person for having known her. I am holding you all in prayer. Thank you for sharing her with all of us. - Martha Work Smith, Class of '77

“ My heart was truly saddened to hear of the passing of Mrs. Linda Lorraine Jackson Holman. I truly loved her and I know without a doubt that she loved me. Mrs. Holman was a one of a kind educator who spent her career pouring into her students. Her love for us was unconditional and she had a unique way of making every one of us feel special. Her students, including my siblings and I, were BLESSED to have encountered this beautiful soul. Upon retirement, her quest to improve the lives of young people did not cease. As a member of our sorority scholarship committee, her commitment was unwavering and she worked tirelessly. God truly blessed me when he brought her into my life. She embodied the true characteristics of a christian woman and was always excited to share her love of Christ. She made the world a better place. I will truly miss her. Linda Holman, my teacher, Linda Holman, my encourager, Linda Holman, a spiritual example, Linda Holman, my prayer warrior, Linda Holman, my Soror. I love you so much. This is not goodbye, this is I will see you again in paradise. Until we meet again, Rest in heaven my dearly beloved Linda Lorraine Jackson Holman.

“ There are not enough words to describe how incredible this woman was. She exuded class, style and grace. She had a way of making you feel like you mattered. I met her when I was 15 years old when Traci and I became friends. She was always yelling at us. Especially when our grammar was anything less than proper. I will forever know the past tense if think is not thunked, thanks to Bunkie! Momma Linda, thank you for loving me and making me feel like I was a part of your family. Thank you for your thoughtfulness and generosity. I love you! Rest in Paradise Beautiful.

“ This beautiful woman of God touched more lives than I believe we will ever know! I'm convinced that the reason she was placed on this earth was to do simply that, Touch Lives for the Lord! I always felt as if I was really special to her. She called all of her former students her babies. As I watched her interact with people from all walks of life, I still felt like I was special, but I also realized that she made everyone that she came in contact with feel that same way. Not many people are blessed to do that. What a wonderful soul she was! She was Simply the Best!

“ My aunty, always a teacher rather she was teaching school, correcting language, teaching Sunday school, teaching life lessons, what ever she was doing she had the heart of a teacher. What good is a teacher if they don't listen, my aunty listened to me allowed me to spill the beans so to speak, but after it was all over the advice that was given always was godly. Me and aunty would sit down for hours talking about Jesus, and in those moments we could most definitely feel His presence. She impacted my life greatly with her love, her sternness, and her sincere love for the Lord, when I was at my lowest God used her in so many ways to continue to guide me in the right direction, she supported me whenever she was given the opportunity, when I needed work she put me to work, allowed me to work on her house, and got me hooked up with a few other clients, and after God brung me out of my lowest place and I started my ministry, aunty was there, I truly love this woman with a love you only have for your mother, she may not have been my mother, but most definitely the next best thing. She was one of the few connections I had with my Father being that I lost my father early in life at the age of 3, but through my aunty, and uncles and a few others I was able to connect with a part of him I never seen for myself, and the part of him that was with her is no longer here so with that being said, I will absolutely miss my aunty, but One thing I know for sure is I will see her again, because aunty's faith in Jesus endured till the very last breath. She stayed in the Spirit, and I am sure that the same Spirit that raised Jesus from the grave will raise her mortal body and give her an immortal one. That I am sure about so, with that being said, to the family. My family we may be mourning, but in truth we are celebrating the life of aunty, and we don't mourn like those who have no hope, because our hooe is in Jesus, and that hope will not ashame nor will it disappoint, but all of God's promises in Him are yes and amen!!!

*Hallelujah!!!!*

*What I admired most about Linda was her love for God, her passion for life, and her courage of her convictions. Linda allowed her light to shine as she shared her knowledge and wisdom with young and old alike. She touched many lives and left them with her positive influences on them. Linda worked while it was day in her life, and now she has found rest.*

*Good night, Linda; see you in the morning.*
