“ *Luceal Robert was a faithful member of the American Postal Workers Union for her entire Postal Career and a dear friend to me. In my eyes, she was the hardest working women that I had the privilege to know. After Luceal retired from the Post Office she continued to come to the union hall to visit us for years, bringing food and fresh vegetable from her garden. She was a very friendly, trustworthy and giving individual. The world has lost a great lady. Our loss is heavens gain. My heartfelt sympathy goes out to the family.*
