“ There are two occasions I wished I snapped a photo of Marvin. One being that time we went to the Zoo to participate in a marathon race for his job, after the fundraiser event we wondered off to view the animals and lost track of time; the battery in his wheelchair died and it was very difficult pushing the chair out of the park and back into our van.

The second time being more recent, just a month ago we left the ER hospital in my new SUV vehicle, it was kind of fun with him riding in a regular back seat instead of our handicap van. I wished I thought to capture the smile on his face, I remember him saying “don’t drive too fast you’ll bump me!”. Then I was all nervous and looking back at him, I said “we’ll have to start fun stuff like this; like riding around regular or even climb Mount Scott in Lawton”, things Mom wouldn’t dare allow.

“ Rest in paradise my sweet brother Marvin Ray Gaines. You are a strong man and gentle soul. I am so sorry...but I know you now have the New Body. You are my close friend and dependable brother. Kindness and compassion you and mother inspired in me.

“ My condolences to the whole family on the loss of your beloved family member. Norvelle, I can only imagine how difficult this is after losing your wife only a short time ago. Praying that the Lord will give all of you the strength to go through this difficult time.
