“ Knowing and interacting with Michael Brown in the development of the wonderful chorale group and ongoing success of the (Wings of Harmony) with Tyrone Stanley was certainly one of the highlights of my life! His love for people, especially his students was very touching and inspiring. I never met a man so committed to bring healing and support for his students. He was one of God's angels on earth with his life changing love for others. Our great loss here on earth is certainly heaven's gain and especially as one of the leading soloist on heaven's magnificent choir. Miss you brother and I thank God for you!

“ I have known Mike and his family as long as I can remember. His father, Ed Brown, drove my school bus. Mike’s personality was big as the outdoors, and every time we saw each other he had a big bear hug for me. I remember attending Mr. Brown’s funeral service and how heartbroken Mike was. I can still picture it in my mind. I hope heaven is real and that Mike is together with his sweet parents. I will surely miss you, Mike.

“ Principal Michael Brown was an inspiration to so many: students, teachers, staff, other administrators, and our community as a whole. I valued his sage advice and insightful wisdom, not to mention his Heavenly singing voice. Unquestionably, Mike will be missed, but his rich legacy is far-reaching and enduring.

“ I am wishing the family of Micheal Brown my condolences for their loss.  
Michael & I did so much music-wise. He was a great friend and advisor.  
We first met when we both started teaching @ Rogers Middle School. When I had events for the marching band and ensembles, he encouraged me and my students. He also assisted and sang for my sister and mom's homegoing away services. (Janice West sister & Madine James). When I needed him for anything he was there. Mike was an encourager & motivator to all he met. He will be missed dearly but now he is continually singing praises. He was the best at delivering a message through song. Well done Mike, Well Done my brother!!!!!!!!!!!!!!

“ Mike and I met in August 1976 at Central State University. We were fast friends because we were both big guys and we dressed well lol. I found him to be a very popular man young man then fast-forward to some years later we were both working as teachers that start Spencer I was in band he was in social studies. What a great teacher he was Then he transitioned into administration as a assistant principal and then principal at Rogers for many many years. He actually had the pleasure of hiring me as man director at Rogers in my later years it's funny how things come full circle like that. Michael had several kids from the schools he worked at and they all loved him the same. Michael there's a hole in my in my gut for you not being here I love you my brother take your rest. This is from Andre Francisco
