“ *My last memory with Mitchell was sometime last year 2016. He and his siblings were in Texas to handle some business and do some shopping. His brother Jay Willis a great friend of mine asked if they could all come by and blow a little time before going to their next destination. I was honored they all graced my presence and found it to be beautiful to see siblings together enjoying each others company. Mitchell has always been a funny guy to me and had a very pleasant spirit, I will forever remember our last sit down together at the ladies house next door to Jay. He was so calm and composed and looked confused by the belligerence of his beloved brother that was trying to let him have it. We looked at each other in the eyes and both smiled while Jay hurled the insults. Because we both knew that we all go off the deep end sometime but we still love each other.*

*My deepest condolences to my Best Friend Jay Willis and family and know that you are in my prayers.*
