Cousin Ricky was a happy young man I will always remember his smile and I will remember when I use to go out to there house and Ricky and Glenn made this go car with a lawnmower motor we use ride and ride that go car sometime we would get hurt but we would keep on riding sometimes the go car brakes wouldn’t work and sometimes they would but we had so much fun. “ Rick was one of the first people to greet me at DDS when I started over 10 years ago. He always had a smile on his face and asked how I was doing. Rick was the sort of person when he asked how you were doing he meant it. As the years rolled by, Rick and I would share more about our private lives outside of work. In the past few years my I have had to help my parents a little more, due to age and illness. Once Rick learned of this, every time he saw me he would ask "Hey Kalen, how is your pops doing?" or "Hey Kalen how is your mom doing?" . I will truly miss our random talks and his positive smile. Rick truly one of the kindest persons I have ever run across. I truly wish God's peace and blessings for his family.

“ I think Rick made everyone feel special. When you would pass him in the hall or he would come to your office, he always had a smile and a kind word to share with you. I often thought how I hoped I could live in a way that people could see me the way they saw him. He was such a kind, gentle and good soul. He lived a life of service to others with such a generous spirit. I will miss seeing him at work. My prayers are with his family. ~Brenda Knutson, DDS
