Tribute Wall

AD

“ *Dr. Robert Delaney, Biochemist at OU Health Sciences Center, a great guy, very likeable man who cared for students. He was also the father of Peter, a good friend of my son, Louis Dell. My condolences to the family.*

Ann Dell - July 01, 2024 at 04:10 PM

“ *When Deacon Dunn asked if anyone wanted to stand and tell something about Dad's life, I could not at that exact moment. He was a very practical man. When I was 16, he helped me purchase my first car. While driving his car with he and mom in the car, when we were leaving the bank, I waved at someone and wiped out the passenger side of the family station wagon. He just said, okay, now let me drive. He even drove the car I bought home from where we bought it. No yelling about it, just did not let me drive it until I had my driver's license. Dad was practical about lots of things. He had to be to raise eight children. Thank you, Dad.*
