“ Grandma was a loving caring person. Always willing to listen to your problems and work with you to come up with a solution to solve the problem. Always gave good advice. She was a very hard worker. She was the best cook, she never measured for any recipes she made them up as she went. She was a gardener always planting anything from fruits, vegetables and flowers. She made her own jelly and did her own canning. She also did hair, she would get your hair so straight that people that would see it thought you had a perm and wanted to know where you went, so they can go get theirs done. Grandmother also raised her kids, grandkids and probably great grandkids. Grandmother just like our grandfather was a Renaissance woman that could do anything. Those two was a perfect match. But a Renaissance woman was a under statement, because what grandma could do was limitless. She was always patience and would take the time to teach you anything she knew, if the person would be willing to learn. Grandma we love you and you will be truly missed. And I will take everything that that you taught me and teach my children. I love you. R.I.P.

“ I would like to express my deepest sympathy to the whole family. I like to give the family something comforting from God's word the Bible. It's a promise that God has said he is going to do for mankind soon. Revelations 21:4 “And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away. May this bring comfort to you and the whole family. You all are in my prayers.

“ *Mother always had a smile,lots of love in her heart to give. Kind words of encouragement. When people came to visit,upon their departure they were rewarded with a gift of food,like vegetables from the garden,canned foods from her kitchen. She will be missed.*

Grandma always had a smile. Good wisdom to drop for anyone that was willing to listen. Always positive, caring and loving. Always willing to help with anything she could. She was a Renaissance woman that could do anything. Hair, sew, garden, can foods,cook and bake. Grandma I love you, and you will be truly missed always.
