“ It is with great sadness to hear of Sis. Ruby's transition from labor to reward, I remember her big smile, I can only imagine her smile became bigger when the Lord arrived to take her home. To the family, live your life with a big smile and continue to keep looking to the hills, which is where your help comes from.

Thank You, Mother, for being the best Mom & Caregiver ever. After my accident, you didn't hesitate to quit your job to care for me full time. In the process, you became an expert, better than most nurses. And they have degrees. You had 39 years of real time experience. For that, I am forever grateful. I love you more than words can describe. RIP & I'll see you again when the good lord takes me home.
