“ I was learning to okay the trumpet. I thought I would be at least 2nd chair. Then I heard a trumpet literally talking and I learned that was Steve Coleman making that magic happen. He inspired me all through high school to always get better! I tried!

“ Cherished Boley High School memories with and about Stevie. He was passionate about music. He formed a band during his high school years and played during some of the school celebrations. He also played "Taps" for the annual Veteran's Day Celebration. I was able to see him perform in recent years. The Boley High School Class of 1971 mourns the family in the passing of Stevie.
