“ I met Toye in 2002 at Southern Nazaren University. We graduated together and we went to different graduate schools. She would tell me the experience she had at Langston University and how those professors prepared the students for life in corporate America in which I told her I would have never made but i did make it at The University of Oklahoma lol. She talked about how hard it was writing her final papers without using any resources. That was AMAZING She did it though. I was blessed to know her. She was funny caring and a wonderful Christian. She also blessed me to speak at her church which was a blessing for me. Good night my dear friend; I'll see you in the morning my eloved big sister in Christ.

Toye I've known you since 2nd grade in Piqua. We had our boys 2 days apart and you have always had a wonderful place in my heart along with all of "our" friends.

We all had a wonderful loving bond throughout our entire school years. We had our 55th reunion a few weeks ago and I sent you a picture and a message that night. We have never left you out of our stories and memories of our school days. I went to FB to wish you a Happy Birthday and found that you have joined our Father in heaven. When you were here at my home in Piqua, several years back, Teena and I were blessed to have laughed and shared that time with you again. God willing we will meet again one day. 💕💕
